

SEA-DRU-NAR RECYCLING

Office Recycling Specialists

The  To Your Success

SEA-DRU-NAR RECYCLING is a Non-Profit Organization working with YOUR BUILDING. By recycling your paper products in the desk side box provided, you are helping cut back the overflow to our landfills and shrinking the high costs of garbage fees to your building.

The RECYCLED PAPER then plays another important part in our city. The proceeds from the paper help to fund **SEATTLE DRUG AND NARCOTICS CENTER (SEA-DRU-NAR)**, a long-term drug and alcohol treatment center here in Seattle. So the easy task of dropping the paper in your recycling box has far reaching effects for the environment and for everyone in our community.

You can further help by following the list of items that can and cannot be put in your recycling box.

Thank you, we appreciate your efforts. If you have any questions, please call 206.467.7550.
